I. INTRODUCTION

“All the wealth of the world cannot help one little Indian village if the People are not taught to help themselves. Our work should be mainly educational, both moral and intellectual.”

– Swami Vivekananda

The Andaman & Nicobar Islands floating in the Bay of Bengal in isolation is a paradise on earth. The rate of literacy in these islands is higher than many states in the Union of India. The Tagore Govt. College of Education plays a vital role in shaping the education of these islands by producing competent and skilled teachers.

The historical perspective of these islands shows that there has been a steady growth in the field of education from the pre-independence era. History says that the British had established a penal settlement in these islands after the first war of Indian independence in 1857 and brought the freedom fighters to these islands and kept them in captivity. The Census Reports and official documents of the British era states that Primary Schools were set up by the British in these islands in the early 19th century to provide education to the free people as well as to the convict children. Compulsory primary education was the rule of the Penal Settlement. Regular teachers, convict teachers and student teachers were appointed by the School Education Committee to cater the educational needs of the Penal Settlement. The non-availability of trained teachers was a constant problem of the settlement.

After Indian independence the Andaman administration faced the same problem of non-availability of trained teachers to teach in the schools. To meet the impressing demand, a Teacher’s Training Institute was set in the year 1958 to meet the requirement of the Primary School Teachers. The problem of Trained Graduate Teachers remained the same. Untrained Graduates and Post Graduates were being appointed by the Education Department to meet the demands of the Middle and High Schools. Then these untrained teachers were provided Summer Training in Teacher Education by the Department. To meet the requirement of Trained Graduate Teachers in these Islands, the Govt. B. Ed College was set up in the same building with the Teacher’s Training Institute in August 1981. It was affiliated to the Panjab University and had got its permanent recognition from the University Grants Commission (UGC).

II. TGCE AT A GLANCE

The TGCE has been growing ever since its inception in 1981. The college started providing a platform for the graduates and postgraduates passing out of JNRM, Port Blair and Mahatma Gandhi Govt. College, Mayabunder to seek a professional course and also to seek a job. There were 50 trainees in the first batch of the College and it’s a matter of pride for this college that many of the officers and teachers working in the Education Department and other departments of A&N Administration and Central Govt. Departments are its products. In 1987-88, the affiliation of this College was shifted to Pondicherry Central University. With the establishment of National Council for Teacher Education (NCTE) in 1993 with statutory authority, the Govt. B.Ed. College got its recognition from the NCTE in 1997.

On the occasion of the Golden Jubilee of India’s Independence in August 1998, the Govt. B.Ed. College was re-christened as Tagore Govt. College of Education (TGCE). In the same year, a 34 bedded Rani Lakshmi Hostel for Women Teacher Trainees for the women trainees hailing from inter islands has started functioning. The College got a new building in April 2004 with all facilities required for teacher training.
The 4 year Integrated courses were introduced in TGCE in 2003-04 which was a feather in its cap with Computer Science and English. Later Mathematics was added to this programme. The Bachelor of Science Education (B.Sc.B.Ed. for Maths and Computer Science), the Bachelor of Arts Education (B.A.B.Ed.) are meant and designed as integrated programmes of Teacher Education, aimed at preparing competent teachers for the secondary school level and incorporate appropriate components of General Education, Subject Specialization and Professional Education.

The TGCE that had been a tiny sapling in 1981 has grown up into a huge tree with its branches stretching out in various directions. The College is the Centre for conducting various Exams such as Sainik School and RIMC, SSC, Distance Education programmes of University of Madras, Alagappa University etc.

The National Council for Teacher Education (NCTE) has revised its Regulations in the year 2014 and two years B.Ed. degree programme has been introduced in the College as per the revised norms. It also offers four years integrated courses in B.Sc.B.Ed. Computer Science, B.Sc.B.Ed. Maths, B.A.B.Ed. English, B.A.B.Ed. Hindi, B.A.B.Ed. History with an intake of total 100 trainees in every year.

8. School Internship

i. School internship would be a part of the broad curricular area of ‘engagement with the field’ and shall be designed to lead to the development of a broad repertoire of perspectives, professional capacities, teacher sensibilities and skills.

During internship in the **fifth semester**, student teacher shall spend 4 weeks, spread over several days throughout 5th Semester. This will include one week of school engagement making observation in the school and three weeks of other engagements as explained in the syllabus. The observation record and/or project report of the student teacher should be the base for awarding CCE marks by the faculty.

During the **sixth and seventh semester**, out of 16 weeks of internship, student teachers will devote one week for observation of classes taken by regular school teachers (at least 5 lessons in each pedagogical subject). The student teachers will devote 15 weeks for classroom teaching which may be in one block or in two blocks, (in one or two different schools). However, the classroom teaching during internship shall be done at any two levels/stages of school. The internship must be both at upper primary (classes VI- VIII) and secondary (classes IX and X) levels. During the internship student teachers will also be engaged in making observation of classes taught by regular teacher (whenever possible) and the peer teachers.

The internship should be in government-recognized schools under Government or private managements, situated within the radius of 40 km of the College of Education concerned for supervision by the faculty members of the college. The schools under CBSE or State / UT patterns can be the schools for internship.

While at school, the student teacher shall prepare the necessary teaching resources and records for teaching lessons (duration of 45 minutes each).
The total 60 lessons of classroom teaching in 15 weeks may be divided as 30 at level one (15 lessons for Pedagogical Subject I and 15 lessons for Pedagogical Subject II) and 30 at level two (15 lessons for Pedagogical Subject I and 15 lessons for Pedagogical Subject II). A few lessons may be ICT based depending on resources available in the practicing schools.

During this period, (i) classroom teaching (ii) evaluation at the end of 15 lessons and (iii) diagnosis based feedback to the students should be completed by every student teacher.

9. Other practical activities related to community based engagement
